

SOUTH FLORIDA'S MOST ADVANCED MEDICAL CARE

UHealth - University of Miami Health System delivers leading-edge patient care by the region's best doctors, powered by the groundbreaking research of the University of Miami Leonard M. Miller School of Medicine.

From diagnosis to treatment and follow-up, UHealth physicians work in teams to deliver care that is tailored to each patient. As South Florida's only university-based health system, UHealth offers more clinical trials to patients than any other hospital system in the region.

UNIVERSITY OF MIAMI HEALTH SYSTEM AND THE MILLER SCHOOL OF MEDICINE

UHealth – University of Miami Health System is a network with more than 1,300 physicians practicing in over 100 medical specialties and subspecialties. UHealth combines exceptional patient care, breakthrough research, and novel education to create an innovative approach to health care.

The pioneering research produced at the University of Miami's Leonard M. Miller School of Medicine distinguishes UHealth as the only university-based health system in South Florida. Founded in 1952 as Florida's first medical school, the Miller School is home to some of the brightest minds in medicine.

Within the UHealth system, patients can participate in clinical trials and benefit from the latest discoveries that are fast-tracked from the laboratory to the bedside. In addition to services provided on the Medical Campus in Miami, UHealth doctors treat patients at more than 30 outpatient sites in Miami-Dade, Broward, Palm Beach, and Collier counties.

UHEALTH TOWER

UHealth Tower is a 560 private-room facility. UHealth's medical experts plan and deliver advanced care, investigate new treatments, and utilize the most advanced technologies available.

Powered by research at the Miller School of Medicine, physicians at UHealth Tower bring groundbreaking findings to patients in specialty areas including cardiology, bariatric (weight loss) surgery, dermatology, gynecology, neurology, neurosurgery, orthopaedics, otolaryngology, stem cell research, and urology.*

BASCOM PALMER EYE INSTITUTE

Bascom Palmer Eye Institute is ranked the #1 eye hospital in the United States and is a world leader in ophthalmic care, vision research, and education.

Each year, Bascom Palmer's ophthalmologists provide the most advanced eye care to more than 260,000 patients and perform more than 16,000 surgical procedures.*

SYLVESTER COMPREHENSIVE CANCER CENTER

Sylvester Comprehensive Cancer Center, part of UHealth – University of Miami Health System and the University of Miami Miller School of Medicine, is the only cancer center in South Florida designated by the National Cancer Institute. NCI designation recognizes that Sylvester has met the most rigorous standards for cancer research, beginning in our laboratories, extending to patient care, and meeting specific needs in our community.

Sylvester is known as South Florida's leader in patient-focused cancer research and care, offering the only Phase 1 clinical trials program—the first step in evaluating how patients respond to the latest investigational treatments. NCI designation further expands Sylvester's ability to provide access to novel therapies through more clinical trials and collaboration with other designated centers.

Equipped with a highly qualified team of more than 300 cancer-focused physicians and researchers working together, Sylvester serves patients through a network of facilities throughout Miami-Dade, Broward, and Palm Beach counties.*

AFFILIATED HOSPITALS

Licensed for more than 1,500 beds, Jackson Memorial Hospital is a teaching hospital for the University of Miami Miller School of Medicine. It is home to many affiliated University of Miami and Jackson programs, including the Ryder Trauma Center and the Miami Transplant Institute.

Holtz Children's Hospital is one of the largest children's hospitals in the southeastern United States. Staffed by UHealth/Miller School physicians, Holtz Children's Hospital specializes in research and treatment for a wide range of pediatric medical specialties, including pediatric diabetes, bone marrow transplantation, cardiology, infectious disease/immunology, allergy, gastroenterology, pulmonology, and transplantation of all solid organs, including pediatric multiorgan transplantation. UHealth/Miller School physicians work closely with the Miami VA Healthcare System. The Miami VA Healthcare System has provided general medical, surgical, and psychiatric services for our country's veterans since 1968.
